

Differentiated Instruction

2 GAL CEUs

Wednesday, December 3
6-8 pm

Presented by
Kathy Powell
Program Director | POPIN
Parents of the Panhandle Information Network
A Family Network on Disabilities Program

You will learn about Differentiated Instruction, also known as Differentiated Learning. We will demonstrate the impact today's technology has on teaching, and on developing a child's literacy skills, language development, reading and writing skills. These low cost or free programs are methods that will provide varying instructional strategies that can be used at home and school. Learn fun, practical methods that can be taught to every child with any learning preference at any age.
